Invitation Letter

June 15, 2012

Dear Gonzalo Díaz,

We have a great honor to invite you as a participating artist to the Busan Biennale 2012. The exhibition will be held under the title of 'Garden of Learning' from September 22th to November 24th, 2012. About 40 artists from around 22 countries will be presented in various forms like paintings, sculptures, installations, performance, video and photographs in Busan Museum of Art and other site.

A key element of Busan Biennale 2012 is to stage collaborations between artists and audiences. 'Garden of Learning', this is the idea, will be structured along the vivid and often adventurous encounters between contemporary artists and audiences.

We hope to base Busan Biennale 2012 on the idea of a broad and inclusive democratic learning process that is structured by the magic and mystery and riddles of art. The central aim of the exhibition is to form organic links between the artwork and the community, links which can evolve over time.

For realizing of your work, Busan Biennale Organization will support your production including part of production fee, packing, shipping & shipping insurance and exhibition insurance as well as travel cost of flight ticket and accommodation for to Busan for the opening.

We are very pleased to invite you for the Busan Biennale 2012. We would like to add our own appreciation.

Sincerely yours,

LEE DOO SHIK 
Executive Director
Busan Biennale Organizing Committee
