

## Efectos de la aguja. Muro Sur en Amsterdam

The screenshot shows the ARTISHOCK website interface. At the top, there is a navigation menu with links for 'Inicio', 'Artistas', 'Exposiciones', 'Archivos', 'English', and a search icon. The main content area features a large image of Ricardo Cuadros in a dark suit holding a white board with a drawing on it, standing in a minimalist gallery space. To the right of the image is a bio for Ricardo Cuadros, mentioning his birth in Concepción, Chile, in 1955, his doctorate in Literature from the University of Utrecht, and his artistic focus on the relationship between drawing and the body. Below the image is the article title 'EFFECTOS DE LA AGUJA. MURO SUR EN ÁMSTERDAM' and a short introductory text. On the right side, there are two smaller image thumbnails, one of which is labeled 'MEDIA KIT'.
